

Envirable[™] molded fiber tableware

Made from a rapidly renewable resource, Envirable[™] molded fiber tableware provides a sustainable choice for busy operators serving a wide variety of foods.

Huhtamaki

Molded fiber tableware

- Available in a full range of products and sizes.
- Customizable embossing available to highlight your brand.

Sustainable Features

- Made from a mix of bamboo and bagasse, a byproduct of the sugar cane harvesting process.
- Produced with natural fibers from annually renewable resources.
- BPI-certified compostable. Compostable in a commercial compost facility which may not exist in your community. Not suitable for backyard composting.
